

The MYPT Organization

The Methuen Young People's Theatre, as a program of the Methuen Memorial Music Hall, is overseen by the Music Hall's board of trustees through its Youth and Scholarship Committee. MYPT's day to day operations are managed by a volunteer committee which comprises parents, community members, and trustees of the Music Hall, all serving without compensation and actively participating in all phases of the MYPT summer program. These volunteers bring a broad range of professional talents and abilities to guide the children in the production.

The committee members are augmented by experienced professionals in music and music education, including a director and a music director. Please see "The MYPT Professional Staff" for summary resumes of our staff members. Our staff complement allows substantial opportunity for individual attention and training and for work with soloists, ensembles and chorus sections.
